

Thank you for purchasing the USB Smart Cable!

Part Number ZUSBSC00100ZACG

Supported Operating Systems

The Software and Documentation for this reference design supports Microsoft Windows 7 (32-bit/64-bit), Windows Vista (32-bit/64-bit) and Windows XP.

Download and Install the ZDS II Software and Documentation

1. Prior to connecting the USB Smart Cable to your development PC, download ZDS II for Z8 Encore! v5.2.1 (or later) from the Downloadable Software category in the Zilog Store.¹
2. When the download is complete, unzip the file to your hard drive, then double-click the installation file named **ZDS2_Z8Encore!_<version>.exe** and follow the on-screen instructions.
3. When the ZDS II installation is complete, double-click the installation file named **DOCS_Z8Encore!_<version>.exe** and follow the on-screen instructions.
4. When these installations are complete, view **USB Smart Cable User Manual** (UM0181 a PDF file); this document will be located in the following path, by default:

C:\Program Files\Zilog\ZDSII_ Z8Encore!_<version>\Documentation\Tools_Documentation

The UM0181 document provides the following information:

- Kit Contents, Features and Board descriptions
- Installing the USB Smart Cable and Driver
- Connecting the USB Smart Cable to the Target Board

¹If you're a first-time visitor to the Zilog Store, you will first be required to register as a Zilog Store user before downloading your software. Returning visitors must log in to purchase or download.
