

Thank you for purchasing the Opto-Isolated USB Smart Cable!

Part Number ZUSBOPTSC01ZACG

Supported Operating Systems

The Software and Documentation for this reference design supports Microsoft Windows 7 (32-bit/64-bit), Windows Vista (32-bit/64-bit) and Windows XP.

Download and Install the ZDS II Software and Documentation

1. Prior to connecting the Opto-Isolated USB Smart Cable to your development PC, download ZDS II for Z8 Encore! v5.2.1 (or later) from the Downloadable Software category in the Zilog Store.¹
2. When the download is complete, unzip the file to your hard drive, then double-click the installation file named **ZDS2_Z8Encore!_<version>.exe** and follow the on-screen instructions.
3. When the ZDS II installation is complete, double-click the installation file named **DOCS_Z8Encore!_<version>.exe** and follow the on-screen instructions.
4. When these installations are complete, view **Opto-Isolated USB Smart Cable User Manual** (UM0195 a PDF file); this document will be located in the following path, by default:

C:\Program Files\Zilog\ZDSII_Z8Encore!_<version>\Documentation\Tools_Documentation

The UM0195 document provides the following information:

- Kit Contents, Features and Board descriptions
- Installing the Opto-Isolated USB Smart Cable and Driver
- Connecting the Opto-Isolated USB Smart Cable to the Target Board

¹If you're a first-time visitor to the Zilog Store, you will first be required to register as a Zilog Store user before downloading your software. Returning visitors must log in to purchase or download.
